

TREATMENT SUBMISSION FORM

If you require a Gorgeous Woman Japanese Facial Rejuvenation® Training Course Completed Certificate, then to comply with IICT modality requirements, you are required to –

1. complete and gain competency in the Steps in the online GW Members Resource Library Dashboard,
2. complete the 20-question self-correcting theory examination,
3. complete 12 x one-hour practice treatments

In conjunction with the GW Members Resource Library the follow-up practice treatments will help you remember your training and should be completed after you have mastered the techniques available on your GW Members Resource Library Dashboard.

These 12 treatments can be on family members, friends or clients. You can provide multiple treatments on the same person providing they are on different days. For future proof for insurance purposes, it is best to ask the client to write the feedback into the cells, with the correct name and date alongside .

Note: This document is important and should be retained by you in a safe place as proof of training course completion. This is in case you are asked to produce this document in the future by the IICT, their nominated Insurance company, GW Facial Therapy® or other authority for insurance purposes. It is also handy as the feedback can provide your first testimonials for marketing purposes with the written consent of the feedback providers.

When you require a Completion Certificate, please email your trainer with a copy of this Treatment Submission Form, along with a copy of your self-corrected Examination results, along with your request for the Completion Certificate.

Thank you.

Your Authorised GW Trainer.
